PERSONAL INFORMATION

Name **CONTE PIERFRANCO**

Address Department of Oncology and Hematology
Division of Medical Oncology
University of Modena and Reggio Emilia
Via del Pozzo 71
41100 Modena

Telephone + 39-059-4224019

Fax + 39-059-4224429

E-mail conte.pierfranco@unimore.it

Nationality Italian

Date of birth October 5, 1950

WORK EXPERIENCE

- Dates (from – to) 11/2002 - present
- Name and address of the employer Division of Medical Oncology,
University Hospital,
Modena
- Occupation or position held Chief
- Dates (from – to) 12/02-8/08
- Name and address of the employer Department of Oncology&Hematology,
University Hospital,
Modena
- Occupation or position held Director
- Dates (from – to) 1985-90
- Name and address of the employer Division of Medical Oncology,
National Institute for Cancer Research,
Genova
- Occupation or position held Deputy Head,
- Dates (from – to) 1980-85
- Name and address of the employer Division of Medical Oncology,
National Institute for Cancer Research,
Genova
- Occupation or position held Assistant Professor
- Dates (from – to) 1978-80

- Name and adress of the employer
Institute of Oncology,
Torino S. Giovanni Hospital
- Occupation or position held
Assistant Professor Division of Medical Oncology
- Dates (from – to)
1976-78
- Name and adress of the employer
University of Torino
School of Medicine
- Occupation or position held
Postdoctoral fellowship in Hematology
- Dates (from – to)
1975-76
- Name and adress of the employer
Universite' Libre de Bruxelles
Dept. of Molecular biology
- Occupation or position held
Postdoctoral fellowship

RESEARCH EXPERIENCE

- Dates (from-to)
2008-2011
- Name and type of organisation
AIFA
- Main Activities
PI of the ShortHer Trial: national trial sponsored by the Italian Drug Agency (AIFA) to compare 9 weeks vs 1 year of adjuvant trastuzumab in HER2+ early breast cancer
- Dates (from-to)
2003-2007
- Name and type of organisation
 - AIRC
 - Ministry of Research and Education
- Main Activities
Tumor molecular subtypes and Primary Systemic Treatment with targeted agents in Operable Breast Cancer
- Dates (from-to)
2001-2003
- Name and type of organisation
CNR
- Main Activities
Development of Chemotherapy regimens based on the tumor molecular profile
- Dates (from - to)
1998-2000
- Name and type of organisation
AIRC
- Main Activities
Clinical studies to improve treatment outcomes in metastatic breast cancer patients
- Dates (from-to)
1998
- Name and type of organisation
CNR
- Main Activities
Evaluation of Positron Emission Tomography in breast cancer
- Dates (from-to)
1991-96
- Name and type of organisation
Special project Clinical application of oncologic research, ACRO, CNR
- Main Activities
Accelerated vs conventional chemotherapy in locally avanced breast cancer
- Dates (from-to)
1989-92
- Name and type of organisation
AIRC
- Main Activities
Biologic modifiers: in vitro and in vivo effects on cancer cells
- Dates (from-to)
1987-89
- Name and type of organisation
AIRC
- Main Activities
Cytokinetic chemotherapy in breast cancer
- Dates (from - to)
1984-89
- Name and type of organisation
Special Project Oncology, PFO, CNR
- Main Activities
Determination of growth fraction as a prognostic indicator and to design clinical trials in ovarian

and breast cancer

- Dates (from - to) 1982-83
 - Name and type of organisation Special Project Oncology, PFO, CNR
 - Main Activities Determination of growth fraction as a prognostic indicator and to design clinical trials in ovarian and breast cancer
-
- Dates (from-to) 1982-83
 - Name and type of organisation Committee for technological research, CNR
 - Main Activities Development of autoradiographic technique to study the growth fraction of human tumors in vitro

ACCADEMIC POSITION

- Dates (from - to) 11/2002-present
 - Name and type of organisation Modena School of Medicine
 - Principal subjects/occupational skills covered Clinical Oncology
 - Title of qualification awarded Full Professor
-
- Dates (from-to) 1993 – 2002
 - Name and type of organisation Pisa School of Medicine
 - Principal subjects/occupational skills covered Clinical Oncology
 - Title of qualification awarded Professor

EDUCATION AND TRAINING

- Date 1984
 - Name and type of organisation providing education and training Genova University
 - Principal subjects/occupational skills covered Hematology
 - Title of qualification awarded Specialty
-
- Date 1980
 - Name and type of organisation providing education and training Milano University
 - Principal subjects/occupational skills covered Clinical Immunology
 - Title of qualification awarded Specialty
-
- Dates 1977
 - Name and type of organisation providing education and training Torino University
 - Principal subjects/occupational skills covered Clinical Oncology
 - Title of qualification awarded Specialty

- Date 1974
- Name and type of organisation Torino University

Editorial Reviewer Board

Research Grants

Grants with the National Research Council (CNR)

- 1982-83 "Development of autoradiographic (PDP test) and cytofluorimetric techniques to study in vitro the growth fraction of human tumors"
- 1984-89 "Measurement of the growth fraction as a prognostic parameter and to design clinical protocols in breast and ovarian carcinoma"
- 1991-96 "Accelerated versus conventional chemotherapy in locally advanced breast cancer"
- 1998-99 "Evaluation of PET in breast carcinoma"
- 1999-2001 "Preoperative chemotherapy with the GET regimen in operable breast carcinoma"
- 2001-2003 "Design of anthracycline/taxane regimens according to the tumoral biological profile"

Grants with the Italian Association for Cancer Research (AIRC)

- 1987-89 "Cytokinetic chemotherapy of breast cancer"
- 1989-92 "Biological modifiers: in vitro and in vivo effects on neoplastic cells"
- 1996-97 "Special Project Stem Cell in Oncology: selection and in vitro expansion of CD 34+ HSC derived from bone marrow and peripheral blood to support single or multiple cycles of high dose chemotherapy"
- 1998-2000 "Clinical studies to improve treatment outcomes in metastatic breast cancer patients",
- 2003-2004 "Operable Breast Cancer : an in vivo model to integrate target directed therapies in the management of operable breast cancer"

Grants with the Ministry of Research and Education

- 2005-2007 "Primary systemic therapy for early breast cancer: clinical, biological and molecular outputs"

Grants with other State Agencies

- 1995-96 "Pharmacokinetic evaluation of paclitaxel " – Research Program of the Tuscany Government
- 2004-07 "Gene therapy of solid tumors"- Interchange Program Italy-Hungaria- Italian Ministry for Foreign Affairs
- 2007-2009 "Short-HER: multicentric randomised phase III trial of adjuvant chemotherapy plus 3 vs 12 months of trastuzumab in breast cancer patients with HER2 positive disease"-AIFA-Italian Drug Agency, Ministry of Health Grant

Committee and Chairmanship

- Chairman, Gruppo Oncologico Nord-Ovest 1983-1998

- Secretary, Italian Association of Medical Oncology (Liguria Section) 1984-1989
- Chairman, Italian Association of Medical Oncology (Liguria Section) 1989-1990
- Member, Executive Committee of the Italian Society of Cell Kinetics 1989-1992
- Member, Steering Committee International Cancer Cooperative Group (ICCG) 1992-present
- Member, National Executive Committee, Italian Association of Medical Oncology 1992-1993
- Chairman, Italian Association of Medical Oncology (Toscana Section) 1997-1999
- Member, National Executive Committee of the Italian Cancer Society 1997-1999
- Member, Board of Directors Bioethical Committee, Tuscany Regional Government 1993-1999
- Member, Meta-Analysis Group in Cancer 1994-present
- Member, National Cancer Committee of the Ministry of Health 1997-1999
- Faculty Member, European Society of Medical Oncology (ESMO) 1998-present
- Member, Clinical Discussion Forum European Society for Medical Oncology (Expert on Breast Cancer and Ovarian Cancer) 2002-present
- Referee, Italian Ministry of Health for the Continuous Medical Education (ECM) program 2002-present
- Vice Chairman, Cancer Committee, Emilia Romagna Regional Government 2006- present

Awards

- 2007 Recipient of the Claude Jacquillat Award for Achievement in Clinical Oncology

Scientific Publications

- Dr. Conte has published more than 250 papers in Peer Reviewed Journals. The majority of papers regard the biological characterization and clinical trials in ovarian and breast cancer

Scientific Affiliations

- Italian Association Medical Oncology (AIOM)
- Italian Cancer Society (SIC)
- European Society Medical Oncology (ESMO)
- American Society Clinical Oncology (ASCO)
- The Cell Kinetics Society
- International Gynecologic Cancer Society
- The New York Academy of Sciences
- Italian Society Basic & Applied Cell Kinetics (SICCAB)
- New England Cancer Society (Honorary Member)

Editorial Board

- Clinical Breast Cancer
